Originality of Research Work	I
Certificate of Supervisor	II
Thesis Approval Form	III
Declaration by Research Scholar	IV
Submission of Thesis	IV
Acknowledgement	V
List of Figures	XI
List of Tables	XIV
ABSTRACT	XVII
Chapter 1: Introduction	1
1.1. Green marketing defined	5
1.2. Businesses and Green Marketing	7
1.3. Green Consumer	8
1.4. Overview of green marketing and its impact on consumer buying behaviour.....	9
1.5. Research problem	11
1.6. Significance of the research.....	13
1.7. Research objective	13
1.8. Research gap.....	13
1.9. Organization of the thesis	14
Chapter 2: Literature Review	15
2.1. An overview of green marketing	18
2.2. Why green marketing is important?	24
2.3. Green products and marketing practices	24
2.4. Green Consumer and Green Consumerism	27
2.5. Green Consumerism	28
2.6. Importance of green marketing.....	29
2.7. Understanding consumer buying behaviour	31
2.8. Consumerbuying behaviour in relation to green marketing	31
2.9. Environmental Awareness and Purchasing Green Product	33
2.10. Green Product and Purchasing Green Product	34
2.11. Demographics and Purchasing Green Product	35

2.12.	Socio-demographic variables and green marketing.....	36
2.13.	The green marketing mix.....	37
2.13.1.	Green product.....	37
2.13.2.	Green price.....	38
2.14.	Green promotion.....	38
2.14.1.	Green place.....	39
2.15.	Green Marketing and Sustainable Development.....	40
2.16.	Green marketing tools.....	40
2.17.	Eco-labelling.....	41
2.18.	Eco-brand.....	42
2.19.	Environmental advertisement.....	43
2.20.	Businesses and Green Marketing.....	44
2.21.	Marketing Mix in Green Marketing.....	45
2.22.	Green Consumer.....	46
2.23.	Consumers' Environmental Concerns.....	47
2.24.	Benefits of Green Marketing.....	49
2.25.	Green Marketing Strategies.....	50
2.26.	Green Product and Purchase Decision.....	50
2.27.	GreenPrice and Purchase Decision.....	51
2.28.	Green Place, Promotion and Purchase Decision.....	51
2.29.	Impact of Green Marketing Strategies on Consumer Buying Behaviour..	52
2.31.	Demographic Variables Impacting Consumer Buying Behaviours.....	56
2.31.1.	Age.....	56
2.31.2.	Income.....	56
2.31.3.	Education.....	57
2.31.4.	Gender.....	58
2.31.5.	Occupation.....	59
2.32.	Marketing-Mix Definition.....	59
2.32.1.	Product.....	60
2.32.3.	Packaging.....	60
2.32.4.	Price.....	61
2.32.5.	Promotion.....	62
2.32.6.	Place.....	64

2.33.	Review of Literature	66
2.34.	Definitions of key variables.....	67
2.34.1.	Green marketing	67
2.34.2.	Eco-labels	67
2.34.3.	Green branding	68
2.34.4.	Green advertising	68
2.34.5.	Consumer buying behaviour	68
2.34.6.	Environmental knowledge.....	69
2.35.	Hypothesis	69
2.35.1.	Green marketing through eco-labelling.....	70
2.35.2.	Green marketing through green branding	72
2.35.3.	Green marketing through green advertising.....	73
2.36.	Green marketing, consumer buying behaviour and environmental knowledge	74
2.37.	Green Promotion and Purchasing Green Product.....	76
2.38.	Summary.....	79
Chapter 3:	Research Methodology.....	80
3.1.	Introduction	80
3.2.	Research design	80
3.3.	Target population.....	81
3.4.	Data Collection Method.....	82
3.4.1.	Data collection Instrument.....	82
3.4.2.	Survey administration	83
3.4.3.	Pilot testing	84
3.4.4.	Scale for each Variable	85
3.5.	Reliability and Validity of data	85
3.6.	Ethical considerations.....	86
3.7.	Data Analysis (tools and techniques)	88
3.8.	Conclusion	88
Chapter 5:	Results and Discussion.....	89
5.1.	Introduction	89
5.2.	Descriptive Statistics	89
5.2.1.	Summary Statistics for Independent Demographic variables:.....	89
Chapter 6:	Findings, Discussion, Limitations and Conclusions	150

Findings & Discussion	150
6.1. Suggestion	164
6.2. Research implications.....	164
6.3. Limitations of the study.....	166
6.4. Conclusion	166
Bibliography Journals	168
Publications	181
Annexure Questionnaire	182

List of Figures

Figure 2.1: Theoretical Framework of Research on Green Marketing	77
Figure 4.1: Green advertisements means promoting eco-friendly product in a reliable way	96
Figure 4.2: The content of advertisement for green products should be relevant to the consumer	97
Figure 4.3: Attractive advertisement increases purchasing pattern for green consumers	97
Figure 4.4: Premium price of green products is contributed towards environment protection	98
Figure 4.5: Green products are important for consumers	98

Figure 4.6: Eco labels are attractive to customers	99
Figure 4.7: Adequate information is available on eco labels	99
Figure 4.8: Marketing of green product is relevant to consumers life style	100
Figure 4.9: With Eco labelling (Eco mark) green products are easily identified by consumer	100
Figure 4.10: Information on packaging influence buying behaviour	101
Figure 4.11: Recycle or Reuse or Biodegradable packaging is preferred by consumer	101
Figure 4.12: Consumers prefer brands which are eco-friendly	102
Figure 4.13: Disastrous consequences by human interference	105
Figure 4.14: To maintain a healthy economy humans should control the growth of industries	106
Figure 4.15: To survive in future it is must to be eco-friendly	106
Figure 4.16: Consumer should read information on labels to check if products are eco-friendly or not	108
Figure 4.17: Consumer should carry their own bags to markets and super market	110
Figure 4.18: Consumer should contribute to environmental cause	110
Figure 4.19: If you come across a new eco-friendly Fast-moving Consumer Good, you will	111
Figure 4.20: All other things remaining same, how much extra are you willing to pay for environmentally friendly Fast-Moving Consumer Goods	114

Figure 4.21: Informational campaigns are essential to promote green products appropriately	117
Figure 4.22: Green advertising does increase my knowledge and understanding towards green product	117
Figure 4.23: Advertised information of packaging is important for the customer for making an informed green purchased decision	118
Figure 4.24: Green Advertisements have overstated product expectations and do not meet the customers purchase requirement	119
Figure 4.25: Paying ⁵⁵ premium price for green products is acceptable because of their benefits	120
Figure 4.26: Green products generally possess a sizeable upward variation in price as compare to non-green products	121
Figure 4.27: Green products generally possess a sizeable upward variation in price as compare to non-green products	122
Figure 4.28: Availability of green products is comprehensive in the market	123
Figure 4.29: Green products contain natural ingredients which do not pollute the environment	125
Figure 4.30: Green brand is a symbol of credibility and trustworthiness	126
Figure 4.31: Green brand matches with my life style and buying habits	127
Figure 4.32: I feel green products are lower in performance as compared to nongreen products	128
Figure 4.33: Variety (i.e. range) of green products is high in the market place as compared to non-green products	129
Figure 4.34: Eco labels on green products possess high visibility and are easily communicable	129

Figure 4.35: I find this information in green labels to be accurate and correct	130
Figure 4.36: Are you aware companies are adopting green colours to their logo to stand out as eco-friendly companies	132
Figure 4.37: I consider green products provide higher quality than regular ones with the exact same characteristics	133
Figure 4.38: I think green marketing practices affect positively my perception of the brand	134
Figure 4.39: Knowing a product can be recycled, reused or repaired after you use it, is it a reason for me to buy these particular products	135

Page|XII

Figure 4.40: I remain loyal to companies which practices are environmentally friendly (decrease wastes, recycle materials etc)	137
Figure 4.41: When I learn about the negative and harmful impact a product has in the environment, I stop buying it	138
Figure 4.42: Choosing between two products, I always buy the one which has the minimum impact to people and the environment	138
Figure 4.43: I change products when they do not comply with the eco logical conditions/rules	139
Figure 4.44: From a scale 1 to 5 (1- very dissatisfied to 5 – Very satisfied) what is your level of satisfaction when buying green products	140
