

## **Declaration by the Candidate**

I, **Teraiya Sagar Bhaishankarbhai** declare that thesis entitled “*Evaluation of Morphological and Biochemical Changes in Banana Micropropagules Grown Under Altered Growth Conditions*” is my own work conducted under the supervision of **Dr. Preetam Joshi, Associate Professor**, at the Department of **Biotechnology**, Faculty of **Science**, Atmiya University, Rajkot, Gujarat, India and approved by the Director of Research, Atmiya University.

I further declare that, to the best of my knowledge the thesis does not contain any part of any work, which has been submitted for award of any degree, either in this University or any other University, without proper citation.

Date:

## **Certificate by Supervisor**

This is to certify that work entitled “*Evaluation of Morphological and Biochemical Changes in Banana Micropropagules Grown Under Altered Growth Conditions*” is a piece of research work done by **Teraiya Sagar Bhaishankarbhai** under my supervision for the degree of Doctor of Philosophy in the Department of **Biotechnology**, Faculty of **Science**, Atmiya University, Rajkot, Gujarat, India

To the best of my knowledge and belief the research work and thesis:

- I. Embodies the work done by candidate himself / herself,
- II. Has duly been completed,
- III. Fulfils the requirement of ordinance related to Ph.D. degree of the University  
&
- IV. Is up to the standard, both in respect of content and language, for being referred to the examiner.

## Acknowledgement

With profound appreciation and a sense of privilege, I extend my heartfelt thanks to my research supervisor, **Dr. Preetam Joshi**, Associate Professor, Department of Biotechnology at Atmiya University, Rajkot. I am sincerely grateful for the invaluable scholastic guidance, insightful suggestions, and unwavering encouragement provided by Sir throughout the course of this research endeavour. Dear sir, your inspirational words and benevolent blessings are destined to serve as a guiding light, illuminating the path of my scientific journey for the entirety of my career.

I wish to extend my deepest appreciation to **Dr. Nutan Prakash Vishwakarma**, Associate Professor & Head of the Department of Biotechnology at Atmiya University, Rajkot. His unwavering commitment to my professional and personal development has left an indelible mark on my journey.

I am deeply thankful to **P.P. Tyagvallabh Swamiji**, President of Atmiya University, Rajkot, and **Dr. K.D. Ladva**, Principal of Shree M and N Virani Science College, Rajkot, for their instrumental role in my academic journey leading to the completion of my PhD degree. Swamiji's profound guidance, unwavering support, and inspirational blessings have been pivotal in shaping my academic path. **Dr. Ladva's** leadership, motivation, and benevolent encouragement have significantly contributed to my personal and scholarly growth. I am fortunate to have received the mentorship of both Swamiji and Dr. Ladva sir, and I extend my heartfelt appreciation for their extraordinary contributions to my success.

I express profound gratitude to **Dr. Ragini Raghav**, Assistant professor, Department of Biotechnology at Atmiya University, Rajkot, as my head humbly bows in reverence. Her unwavering moral support and invaluable assistance have been influential throughout the entirety of my research endeavour, shaping the course of my academic as well as professional journey.

I am also grateful, **Dr. Praveen Gupta**, and **Dr. Shweta Bhatt**, Assistant Professor Department of Biotechnology, Atmiya University, Rajkot Their invaluable

suggestions, well-wishes, and unwavering inspiration have played a pivotal role in shaping the course of this research endeavour

I express my sincere gratitude to **Dr. Chandrajit Lahiri, Dr. Anmol Kumar, Dr. Debashish Banerji** and **Dr. Neha Patel** for their motivation and invaluable support during my research work.

I am highly thankful to **Dr. Ashish Kothari** (Director of research and innovation, Atmiya University) for his invaluable assistance and supportive attitude throughout this period of study.

I am also grateful to my DRC member **Dr. Mangal S. Rathore**, Principal Scientist at CSMCIR Bhavnagar, and **Dr. Rukam Singh Tomar**, Associate professor, Department of Biotechnology, Junagadh Agriculture University, Junagadh for their valuable suggestions, constructive criticism and appraisal of my research work.

I extend my sincere appreciation to **Prof. K.K. Pal**, then Head of the Department of Microbiology at Groundnut Research Centre, Junagadh, and **Prof. H. P. Gajera**, Head of the Department of Biotechnology at Junagadh Agriculture University, for their indispensable support in facilitating access to instrumental facilities. Their assistance has played a pivotal role in the successful execution of photosynthetic experiments conducted at Groundnut Research Centre and SEM analysis carried out at the Department of Biotechnology, Junagadh Agriculture University, significantly enhancing the outcomes of my research endeavours.

I extend my profound gratitude to my esteemed colleagues, **Dr. Tejas Gorasia, Mr. Dhaval Nirmal, Mr. Ashish Chovatiya, Ms. Tasnim Tarvadi, Ms. Shivangi Vadhiya, Ms. Heli Suchak, Ms. Unnati Yagnik, Ms. Mrunal Bhatt, Ms. Daxa Makadia**, as well as our junior colleagues, **Mr. Arjav, Ms. Roshni, Ms. Jahal, Ms. Gunja, Ms. Ishita, Ms. Neha, Ms. Shruti, Ms. Shivani, and Ms. Sharvangi**. My heartfelt appreciation resonates for the invaluable support.

I express my special thanks to non-teaching staff **Ms. Hetal Patel, Ms. Kairvi Lakhnani** and **Ms. Jyoti Yadav**, for their invaluable assistance and unwavering support throughout the progression of my research endeavours.

I am highly thankful to **Mr. Bharat Rajput**, and **Mr. Narendra Mali** of Premsarita Agri Biotech Pvt Ltd., helping me in establishment of cultures and providing me the SOPs for successful tissue culture of banana.

In sincere appreciation, I extend profound gratitude to my esteemed family members, whose unwavering support and enduring encouragement have been a constant source of strength throughout the journey of my life and this research endeavour. A heartfelt acknowledgment is extended to my father, **Shri. Bhaishankarbhai**, my mother, **Smt. Bhavnaben**, and my brother, **Dr. Vishal**, for their invaluable contributions to my personal and academic growth. Their presence and unwavering encouragement have played an instrumental role in shaping both my character and the trajectory of this thesis.

In conclusion, I extend my heartfelt gratitude to all individuals who have significantly contributed to the successful completion of this research endeavour. Furthermore, I would like to express my deep appreciation to those whose names may inadvertently have been omitted in this manuscript, yet their impact remains immeasurable. Their presence in my academic journey has been a source of inspiration and motivation, and I am sincerely thankful for their meaningful contributions.
