Originality of Research Work

I declare that thesis entitled “*Design, synthesis, characterizations and applications of novel heterocyclic scaffolds*” is my own work conducted under the supervision of **Dr. Mehul L. Savaliya** at Department of **Chemistry**, Faculty of **Science**, Atmiya University, Rajkot, Gujarat, India and approved by the Director of Research.

I further declare that to the best of my knowledge the thesis does not contain any part of any work which has been submitted for award of any degree either in this University or any other University without proper citation.

Acknowledgement

The journey of completing this thesis has been both challenging and rewarding, and it would not have been possible without the support, guidance, and encouragement of many individuals to whom I am deeply grateful.

First and foremost, I would like to express my sincere gratitude to my supervisor, **Dr. Mehul L. Savaliya**, for their unwavering support, insightful advice, and constant motivation throughout this research. Your expertise and constructive feedback have been invaluable, guiding me through each step of the project. I am truly grateful for the freedom and trust you have placed in me, allowing me to explore new ideas and pursue my scientific curiosity.

I express my heartfelt gratitude to **Hariprasad Swamiji Maharaj** and **Pujya Tyagvallabh Swamiji** whose guidance and support have greatly influenced my journey. Their wisdom and encouragement have had a profound impact on my academic endeavours, and I am deeply appreciative of their contributions.

I am deeply grateful to **Dr. K. D. Ladva**, Principal of Shree Manibhai Virani & Smt. Navalben Virani Science College, for his continuous support, encouragement, and for making the required resources available for my research.

I am also deeply thankful to the faculty and staff of the **Department of Chemistry** and **Industrial Chemistry** at Atmiya University for providing a stimulating academic environment and access to the resources essential for my research. In particular, I would like to extend my sincere gratitude to **Dr. Pankajkumar B. Nariya**, **Dr. Ravi Tank**, **Dr. Mahesh M. Savant**, **Dr. Satishkumar D. Tala**, **Dr. Anilkumar S. Patel**, **Dr. Neha K. Baku**, and **Dr. Viral Kariya** for their invaluable guidance, encouragement, and support throughout my academic journey.

Special thanks to the members of my thesis committee for their time and valuable input. My heartfelt appreciation goes to my colleagues and friends in the laboratory **Dr. Jaysinh Jadeja**, **Jayraj Jatiya**, **Monil Dholariya**, **Nishant Gadara**, **Deep Mandir**, and **Deep Makadiya**, **Harsh Pawar** for their camaraderie, support, and the countless discussions that have shaped both my work and personal growth.

I would also like to thank **Microcare laboratory, Surat** and **BioNome laboratory of Genomics and Drug Discovery Solutions, Bangalore** for their collaboration and assistance in various aspects of this research. On a personal note, I am immensely grateful to my family for their unconditional love and support. To my parents, thank you for your sacrifices, patience, and unwavering belief in me. Your encouragement has been a constant source of strength. To

my friends, thank you for providing balance and joy, especially during the more difficult moments of this journey.

Lastly, I acknowledge the financial support from **SHODH**, which has been instrumental in enabling the progress of this work. This thesis is as much a reflection of your contributions as it is my effort, and I am deeply grateful to all who have supported me along the way.
