## Monthly Newsletter

e-KUMBH

**e-KUMBH** is an online portal launched by the All India Council for Technical Education (AICTE) for providing free digital books on outcome-based technical education (engineering, diploma) in various Indian languages.

### Purpose & Features

- The portal offers engineering textbooks aligned with outcome-based education (OBE) frameworks for technical courses.
- These books are downloadable, thereby supporting access for students and faculty across India.
- It helps institutions implement curriculum changes mandated by AICTE and supports multilingual access.

### Audience & Use

Primarily intended for students, teachers, and institutions in engineering and diploma programs governed by AICTE, who are transitioning to outcome-based education models.

### Why It Matters

By making quality textbooks freely available, e-KUMBH helps reduce cost-barriers, supports standardized curriculum delivery, and aligns with national technical education reforms.

## Author of the Month

### Jainism religions Book

**Jainism** is one of the oldest religions of India, founded on the principles of **ahimsa** (non-violence), **satya** (truth), **asteya** (non-stealing), **brahmacharya** (celibacy), and **aparigraha** (non-possessiveness). It teaches that every living being has a soul, and harming any creature creates karma that binds the soul to the cycle of birth and rebirth.

Jainism was shaped by **24 Tirthankaras**, with **Lord Mahavira** being the last and most well-known. Jains follow a disciplined lifestyle, practice meditation, and promote compassion, environmental care, and peaceful coexistence. The ultimate goal is moksha, the liberation of the soul.
